

The Easy-Ripe Generator®

CATALYTIC GENERATORS, LLC

The Easy-Ripe Generator® Features & Benefits

- 1 Extremely easy to use! Operating Instructions are basic and simple. No explosion possibilities when using as directed!
- 2 Ethylene production rate is adjustable; output is continuous for better fruit ripening & degreening. From one quart of Ethy-Gen® II Ripening Concentrate, the Easy-Ripe® will produce approximately 10 ft³ of ethylene.
- 3 Certified by TÜV Product Service or Underwriters Laboratories, Inc. (UL®) means that the Easy-Ripe® has been tested to worldwide recognized safety standards.
- 4 2.5 liter (2.7 quart) Ethy-Gen® II Ripening Concentrate reservoir.
- 5 Manufactured by Catalytic Generators, LLC, the innovative and leading ethylene application systems company.

SPECIFICATIONS:

110 or 220 VAC

50 or 60 Hz

13 lb. (5.9 kg)

One (1) ft³ dimensions

- 12" height (30.5 cm)
- 9.25" depth (23.5 cm)
- 9.5" width (24.1 cm)

1,500 ft³ (42 m³) is the minimum ripening room size for an Easy-Ripe®
